## AutoCAD Crack + Free Download [Latest] 2022

The first version of AutoCAD Serial Key, 2.0, was released in 1988. Subsequent releases include version 7, released in 1994, and AutoCAD Full Crack 2010, released in 2013. Key features The main features of AutoCAD Crack Keygen are shown in the following table. Features of AutoCAD 2017 and 2019 These features are available in AutoCAD 2017 or 2019. AutoCAD 2016 and earlier Design Review These features are available in AutoCAD 2016 or earlier. Installing AutoCAD AutoCAD can be downloaded for free from Autodesk's website as a standalone app or as a part of Autodesk Education. However, you cannot use the software if your computer does not meet AutoCAD's requirements. To learn more about the software application, the following sections explain the version numbers and licensing restrictions associated with the software. Licensing AutoCAD is licensed based on the number of users and computers to which it is installed. There are three license types: Standard - License based on the number of users and computers to which the software is installed. Universal - License based on the number of users who access the software over the Internet. Student/Educator - License based on the number of computers to which the software is installed, and also the number of users for whom the software is installed. AutoCAD and the AutoCAD logo are registered trademarks or trademarks of Autodesk, Inc. in the USA and/or other countries. Versions The following table shows the versions of AutoCAD released to date. AutoCAD 2017 and 2019 AutoCAD 2017 and 2019 come in two versions: AutoCAD Standard 2017 (also known as v17) and AutoCAD Standard 2019 (also known as v19). Version Number Features AutoCAD 2017 (v17) AutoCAD 2019 (v19) Licensing and Program Versions 1 User License 1 user license Pricing 1 computer License 1 computer license Pricing 1 user License 1 user license Pricing 1 computer License 1 computer license Pricing 2 User License 2 user licenses Pricing 2 computer License 2 computers licenses Pricing 2 user License 2 users licenses Pricing 2 computer License 2 computers licenses Pricing 3 User License 3 user licenses Pricing 3 computer License 3 computers licenses Pricing 3 user License 3 users licenses Pricing

### AutoCAD Crack

Outliner (API), an AutoLISP module that allows you to create custom functionality for Outliner Visual LISP (VistaLISP), a scripting language for developing macros, dialog boxes, and UserForms for the Microsoft Windows platform AutoHotkey, a software scripting language and programming environment for Microsoft Windows ObjectARX, a C++ class library AutoCAD (formerly AutoCAD 2000, and formerly AutoCAD Mechanical) is a computer-aided design and drafting program designed to provide a computer-based system for 2D and 3D computer-aided drafting (CAD). It is the flagship application of Autodesk, a division of Autodesk. AutoCAD Architecture, a product of Autodesk Architecture and Interiors AutoCAD Electrical, a product of Autodesk Power & Mechanical Autodesk also offers a number of products that allow a user to model and/or animate in 3D CAD on the Windows platform. In addition, AutoCAD supports the Graphical User Interface (GUI) and various Autodesk Authoring Applications (also called Authoring Tools) on the Windows platform for creating graphical editing operations such as drawing or text editing. An example of this is the Combination Editor, which allows a user to write a script that performs combined operations on two or more files. History The first version of AutoCAD was released on July 16, 1987, and included a two-dimensional drafting environment and a small 3D modeling environment. In 1991, with the release of AutoCAD 2, AutoCAD 3D was introduced. This release was the first true 3D CAD package, and it allowed the creation of three-dimensional models for the first time. AutoCAD 3D 2001 came out in 2001 and, for the first time, allowed editing of topological surfaces. This version, which was released on April 3, 2001, is named AutoCAD 3D 2001 SP 1. AutoCAD 2010 SP1 was released in 2010, and is the latest version of AutoCAD, including improvements for cloud-based technologies, among other things. AutoCAD 2017 SP 2 was released on January 21, 2017. Other products In addition to AutoCAD, Autodesk also offers products such as AutoCAD Architecture, Autodesk Maya, Autodesk 5b5f913d15

## AutoCAD Crack Keygen [April-2022]

From the menu, go to File -> New Project. Open your project and click File -> Save As to save your work. Click File -> Save As again. Click Save to save it as a file named (your name + 'extension' + 'SaveAs'). Give your file a name. Click Save. Open the autocad file in Illustrator. Right-click on the Adobe Illustrator's window and select 'Save for Web'. Click Save. Give the image a name. Select the image format, click Save. You can now access this image in the HTML website. If you want to preview the image, right click on the image in the HTML website. You can now access the image and preview it in the HTML website. If you want to remove the image, open the HTML website and delete the file. Q: Return a method of a class by reference How can I pass a method from a class to another class? Here is my code: 

```
#include #include using namespace std; class shop_saver { public: void method_a(double&, int& ); void method_b(double&, int& ); void method_c(double&, int& ); }; void shop_saver::method_a(double& d, int& i){ d = 5.7; i = 10; cout
```

## What's New In AutoCAD?

Import from PDFs in new ways, including file history and content management, preserve images, add multiple layers, and mark up text. What's new in DGN Work more with your DGN files by quickly converting them to other formats with more file types, including DXF, DWG, DWF, and PDF. And, choose file types such as DXF and PDF by simply clicking on the file. Preview multi-page images in DGN files. View a side-by-side comparison between two drawings. Create custom dashboards for even greater transparency. What's new in Web App Improvements in Web App that will help you draw and interact with your design files from anywhere. Work with your design files in an intuitive, web-based environment. Use a Wi-Fi connection, view files in your browser, and access all of your design files. See your changes on the fly with the ability to preview directly in your browser. Enable privacy for your files using the new host settings. Add controls to your drawing. Make changes, merge, and split objects. What's new in Designers New parametric objects in the Crease tool. Use new Crease Selection options to quickly select new, re-sharpen segments, or create splines from multiple existing segments. Saving can be done by building, saving/loading, or opening. Use the new Context-based Eraser to quickly eliminate everything but a specific line, arc, or curve in your drawing. Use the AutoMerge tool to quickly merge elements into one object. Designed to be highly extensible, so you can use Designers in a way that best suits your design work. What's new in Building Add tools and extend basic drawing commands for more control over existing drawing commands. New groups allow you to select all the geometry in your drawing to make changes to. Graphics on all shared layers of a drawing are now displayed and editable. The new Power Point option allows you to view the presentation of your drawing in a browser. Excel and CSV import enhancements to deliver better results. Added support for multiple Excel files when importing from Excel

---

## System Requirements For AutoCAD:

Microsoft Windows 7/Windows 8.1 The game will not run on Windows Vista/Windows XP. DirectX Version: Minimum 8.1 Intel HD 4400 2GB of memory 320MB of available hard drive space Display: 1280 x 720 pixels Playstation®4 Playstation®3 2560 x 1440 pixels resolution Playstation®3: 730MB PS3 model required, model TBA Playstation®Vita
