MS Word To Excel Converter Software Crack + Serial Key X64

MS Word To Excel Converter Software is a useful and handy addin that integrates within Microsoft Word and quickly converts the selected texts, words or characters to a new Excel spreadsheet file. MS Word To Excel Converter Software is a simple, useful and easy-to-use addin that perfectly integrates within Word and helps you to quickly send the highlighted texts, words or characters to a new and clean Excel spreadsheet. After the installation process is finished, MS Word To Excel Converter Software becomes accessible through a new ribbon menu available in the 'Add-Ins' tab. Simply open an existing DOCX document or write a new one, highlight the texts, paragraphs, words or characters you are interested in and all your data will be transferred to a new XLS spreadsheet. You do not have to worry about how all your data will be synchronized in the new generated Excel file. A created row in Excel equals to an existing line in Word and all the columns are dynamically generated by splitting every comma and each character. After you highlight the text you want, a new and clear Excel file is created leaving your original Word document safe and unchanged. The new spreadsheet opens above the DOC file, so you don't have to worry when you see the Excel document. Simply switch between windows and save the document you want. Also, MS Word To Excel Converter Software provides you with the possibility of removing the addin from the Word menu in case you find it unnecessary or it disturbs you from your daily work. Besides, MS Word To Excel Converter Software comes in handy for users who want to quickly and automatically convert Word documents to Excel files. For those who do not want to waste unnecessary time, they can use this handy and reliable addin and convert the documents within minutes. All in all, MS Word To Excel Converter Software gives you a hand whenever you need to convert paragraphs, texts, words or characters from Word to a new Excel spreadsheet. Also, MS Word To Excel Converter Software Description: MS Word To Excel Converter Software is a useful and handy addin that integrates within Microsoft Word and quickly converts the selected texts, words or characters to a new Excel spreadsheet file.
