Download your Toolbook Software now for free! You get your Toolbook 11 with 100% of functionality, absolutely free. As an extra bonus, you will be informed when new versions of your Toolbook Software

2/3

become available. You will also be given easy access to the Updates list on the website. So you can always be sure to get the latest version. Toolbook 11 allows you to learn fast and easy. No need to write long manuals for your products: users get advice directly in the Toolbox with a mouse click. You can add tutorial materials easily to your Toolbox and then share them. They will also be read by other people. And if you do not share your tutorial materials or tutorials, you may also find them in the results from searches. Toolbook 11 has a friendly learning interface. That is why many people worldwide use it to learn new things as quickly as possible and to review things they already know. For Toolbook 11.5 you get a free Toolbook 11.5. The following functionality is included: complete knowledge base Toolbox which facilitates fast search and includes tutorials with short explanations, that are easy to understand. The news letter functionality makes your store get new products easily (via email). With the following extras: Windows updates (via the Windows Update service), automatic check for errors, troubleshooting and information about system errors and useful system information, and on-line help. In order to help you get acquainted with the initial installation and the Toolbook 11, we have provided short tutorials about the basics. A complete set of features and fields are included. These are the Fields 1 - 40 Overview, Details and Keyboard Fields. Included also are the following additional fields: Date & Time, Address, Catalog & Documents, Contacts, Icons, Public Links, Security. You can create new Field Types or Items, duplicate objects, Add an existing object (or create a new one), and Edit and delete objects. You can also show or hide an object in the Toolbox. This version of the Toolbox does not include the new Field Type: Web Search, but offers a Search menu under the Field Type: Text Search. Toolbox capabilities include: Create and edit your own Toolbox fields Add and delete existing Toolbox fields Use field-specific properties Edit field-specific properties Clone a field from an existing object Use the field type wizard to
