From the original creators of Valkyria Chronicles and Panzer Dragoon comes a Fantasy Action RPG! In "Legend of Elden", Fantasy Action RPG developed by IronDOOM, the creator of acclaimed Gun Gun Pixies and the original developer of Panzer Dragoon(Published by SEGA), comes to the PlayStation 4. The Lands Between are a world of adventure and fantasy, inhabited by humanoids who use their abilities to shape the history of the land. The Lands Between was once just a past full of hope, but a despairing call for help from a lost god has overtaken the Lands Between. The Lands Between is now transformed into a world of fantasy and adventure, and many strange creatures and magic are now appearing. RPGs have always been enjoyed by many people, and the game of "Legend of Elden" is a RPG that anyone can enjoy, whether they are experienced gamers or new players. "Legend of Elden" is a fantasy action RPG that lets you play a fresh action role by having you control one of six different heroes who are searching for their destiny. You can freely customize your own character by equipping various weapons, armor, and magic to look and play the way you like. By performing "incarnations" with other adventurers online, a single player can increase the skills, stats and equipment of the character they are playing. A new online system has been implemented to make the online interaction more entertaining for the player. Players can also battle against others online in the "Arena", and in order to play an interactive, social experience online, the online elements of the game have been improved. ABOUT IronDOOM Based in Italy, IronDOOM was founded in 2005 and has always been at the forefront of video game culture. IronDOOM has launched games and was part of the early development of first-person shooters such as "Super Stardust HD". We are composed of industry veterans with an experience and technical depth in design and development that have helped us create new standards for the game industry. We are currently working on multiple new projects, and plan to add a rich and deep experience to "Legend of Elden". * PSN ID : 02690985994407287862 * PSN ID : kdyizic * PSN ID : 027403850442779277

Elden Ring Features Key:

Wield Divine Power and Become an Elden Lord
The Lands Between, An Ever Changing World and Untold History
Mix and Match the Weapons, Armor, and Clothing Available on the Market. Assemble Your Own Unique Character
Creation of Your Own Story with Multi-layered Online Elements

About the game's power:

The power-up is activated when the skill tied to it is assigned to the main character, and applies a visual effect on the main character (items unlocked as a result of level-ups are shown as circle-pattern items).
The power increases the character's melee attack strength (lowers the stamina cost of attacking), and the durability and recovery rates of the items equipped. Certain skills can be used more than once a day during combat, and additional copies of the same skill can be unlocked with the experience of higher level characters.
The skill can be equipped and unequipped for both the main and sub characters, and up to 5 skill trees that increase the size of the character (the same skills can be used with either character). However, the selection of the sub character is limited.
The skills can be used to increase the strength and quality of equipment, as well as normal attack skills, and they can be assigned to various skills beyond attack skills to access different weapon special attacks.

The main cast of characters:

Main Character:
The main character that leads the way forward. Your choice of a primary character class determines your main ability, while your secondary character class (or subclass) specialises it in more detail.

Osprey: A female paladin. She leads a group of staunch warriors called Ospreys to slay monsters in order to protect human lives.
Shade: A male mage with an acerbic sense of humour. He wields spells to make his magic powerful.
Sinbe: A female bard. She plays to entertain others with songs and stories, also singing in a high voice as she plays music.

About the game * Overview Tarnished IV is the fifth installment in the RPG series of Elden Ring. In the world of Elden Ring where humans live in harmony with nature, the Moon Goddess created the civilization called Humanity. Humanity later experienced a great fall. The oppressed world split into two: the world of dark and evil, and the world of light and peace, which are called the Land of Darkness and the Land of Light, respectively. The Lands Between are a world that lies between the Land of Darkness and the Land of Light, a world full of dangers and mystery. With a strong suspicion of crimes, the lands are shrouded in the thick darkness, and you encounter fierce resistance. In the Land of Darkness, there are dungeons and peculiar monsters that can be used against other players. In the Land of Light, bandits and thieves wait for innocent travelers

1. Install the game 2. Run a crack and then use the crack to generate a release folder. 3. Close the game, copy the release folder to where the game is installed, and then run the game. 4. On the main menu, press F3 to start the game. 5. Start the game Crack Features The game features a multiplayer mode and an extensive story that focuses on the player and their party. There are two online modes, as well as a "Puzzles" and "Side Quests" that can be played offline. Travelling The online multiplayer mode is configured to match the number of players. These players take turns with the player "attending" the game. The coordinates are saved, so players can continue from where they left off if they have to leave the game. Coordinates are saved through the friend system. Depending on the size of the region, it is possible to start and complete a game through the friend system, and to arrive at another region. However, it is not always possible to jump from one region to another. Friend System Upon selecting a friend, you can obtain their information from the "Party Page." In addition to the name, world, date, and status of the party, the information displayed includes the items held by the party member, and the items he has disarmed. In order to be a member of the party you can select from the "Party Note" menu. Note Items can be shared between multiple characters, up to a maximum of three. You can operate the items in this way without requiring any downtime. Party Note Furthermore, you can hear all of the party member's actions, such as the activation of items and their comments, through the "Sound Note." Sound Note When you look at the map, you can choose to approach the current location from either the east or west, which results in a slight difference depending on the direction the party member is facing. Players can also determine the initial point of entry through the "New Game" menu. Through this, it
